

SAMUEL J. KNOX, CHA

AI HUMAN REVIEWER | AI TRAINER | AI QUALITY ANALYST

Cape Canaveral, Florida | 407-491-9834 | knox2434@gmail.com | linkedin.com/in/samueljohnknox

PROFESSIONAL SUMMARY

Operations and business process leader with 30+ years of experience evaluating complex information, enforcing quality standards, managing risk, and improving workflows across multi-site organizations. Brings executive-level judgment, strong written communication, and proven attention to detail to AI response evaluation, human feedback, content quality, policy compliance, and business-focused AI training. Experienced with ChatGPT, Claude, Google Gemini, Microsoft Copilot, prompt design, AI-assisted analysis, and workflow automation. Managed \$5M+ budgets and teams supporting more than 800 rooms across five properties.

CORE COMPETENCIES

AI Response Evaluation | Human Feedback / RLHF | AI Quality Assurance | Prompt Evaluation | Fact Checking | Content Review | Policy Compliance | Critical Thinking | Bias and Consistency Review | Business Writing | Data Interpretation | Process Documentation | SOP Development | Workflow Optimization | Financial and Operational Analysis | Microsoft Excel | Google Workspace | Microsoft Office 365

AI & DIGITAL PROJECT EXPERIENCE

PROJECT ASCEND | Founder and Developer

- Designed an AI-powered business intelligence and workflow platform for operational recommendations, financial reporting, process analysis, and decision support.
- Developed structured prompts and evaluation criteria to improve consistency, relevance, and usefulness of AI-generated recommendations.
- Built concepts for dashboards, recommendation engines, bookkeeping support, and Google Apps Script integrations.
- Tested AI outputs for accuracy, completeness, logical consistency, and alignment with business requirements.
- Documented workflows, troubleshooting steps, and user-facing procedures for scalable adoption.

PROFESSIONAL EXPERIENCE

REGIONAL OPERATIONS MANAGER | Integrity Hospitality Management | 2024–Present

- Direct operations for five hotel properties totaling more than 800 guest rooms.
- Manage annual operating budgets exceeding \$5 million and evaluate financial, labor, and performance data.
- Establish standardized operating procedures, quality controls, and performance metrics across multiple locations.
- Review reports and operational findings for accuracy, identify inconsistencies, and recommend corrective action.
- Coach management teams using measurable goals, documented expectations, and structured feedback.
- Apply AI tools to improve reporting, planning, documentation, and workflow efficiency.

GENERAL MANAGER | Cocoa Beach Suites / Four Points by Sheraton | 2019–2024

- Led daily operations, budgeting, forecasting, staffing, compliance, vendor management, and quality assurance.
- Improved average daily rate by 12% through data-driven pricing and operational initiatives.
- Analyzed KPIs, financial results, guest feedback, and audit findings to identify trends and prioritize improvements.
- Produced executive reports and communicated complex operational information clearly to stakeholders.
- Evaluated policies, procedures, contracts, and service standards for accuracy and compliance.

GENERAL MANAGER / ASSISTANT MANAGER | Quality Inn Cocoa Beach | 2012–2019

- Directed property operations while maintaining brand, safety, service, and documentation standards.
- Conducted audits, reviewed records, and implemented corrective actions to improve consistency and compliance.
- Managed recruiting, onboarding, scheduling, performance coaching, and employee development.
- Improved customer experience through structured review of feedback, root-cause analysis, and process changes.
